

Let's style our article page!

- Open the article HTML file that we created earlier
- Press Ctrl+Shift+V on Mac to Preview
- I'll walk you through some styles

Basic document format

```
<html>
<head>
  <meta http-equiv="Content-Type" content="text/html; charset=UTF-8" />
  <title>Your Website</title>
  <style>
    body > header {
      display: flex;
    }
    nav {
      border: 1px solid #000;
      border-radius: 10px;
      box-shadow: #000 3px 3px 5px;
    }
    nav ul {
      margin: 1ex 1em;
      padding: 0;
      list-style-type: none;
    }
    article {
      margin: 1em;
      padding: 1em;
      position: relative;
      background-color: #eee;
    }
  </style>
</head>
```
